

## U8- WEEK 7

---

**Date:**

4/6/23 @ 5:45 PM

**Duration:**

60 minutes

**Overview:**

- Team Knockout - 10 minutes
- 3v2 to Goal - 10 minutes
- Liverpool - 10 minutes
- Scrimmage - 30 minutes

**Description****GETTING STARTED WITH PRACTICE:**

These are set up in the play-practice-play format, which means you will open with a scrimmage as your kids are arriving, and close with a scrimmage after learning the skills included in the activities here. You will need to adjust your times accordingly.

Start the opening scrimmage the same way we did in previous weeks, with players being added to the game as they arrive

**PLAYER ACTIONS:** Protect the goal, Steal the ball

**KEY QUALITIES:** Read and understand the game, Focus

**MOMENT:** Defending

**SKILL ACQUISITION:**

Pressure- Angle and Speed of approach, Distance, Body position,

Tackle choice (poke or block) –  
Cover- Distance, body position.

Thanks to our friends at Massachusetts Youth Soccer for this  
practice plan!

# Team Knockout

Duration: 10 minutes

## DESCRIPTION

This activity helps players develop shielding and ball possession skills.

## WHAT YOU NEED

- 4 cones
- 1 ball per player
- 1 pinnie per 2 players

## SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 30 x 30 yards.
- Divide your players into 2 teams, one in pinnies.
- Every player has a ball.
- Both teams compete to kick the other teams' balls out of the grid and vice versa, while trying to shield their own balls.

- If a player's ball is kicked away, they help their teammates protect their balls, while continuing to try to knock the other team's balls away.
- Play several 60-second rounds. The team with the most balls at the end wins the round. Give players a break after the round to come up with a strategy to protect their balls during the next round.

## **WHAT TO EXPECT**

More than 1 attacker may try to knock away a player's ball in a given moment. In these situations, encourage that player's teammates to get into a good position to support them.

Players might forget that they can pass in this game. Remind them that it's a helpful way to work together.

Some players may get carried away and get overly aggressive. Keep an eye on this to make sure it doesn't get out of control.

## **COACHING TIPS**

Encourage players to protect their ball with their body to prevent their ball from getting kicked out.

Encourage teammates to work together to double-team opposing players.

If teams appear to be unevenly matched, rotate players between rounds to ensure a better balance.

## **MAKE IT HARDER**

Making the grid smaller makes it harder for players to protect their balls and easier for defenders to knock them away.

## **MAKE IT EASIER**

Making the grid larger makes it easier for players to protect their balls and harder for defenders to knock them away.

## **CHANGE IT UP**

To encourage passing and teamwork, start this activity with fewer balls.

## **DO IT AT HOME**

Players can keep working on their skills at home with a game we call [Square Dancing](#), only available with MOJO+.

# 3v2 to Goal

Duration: 10 minutes

## DESCRIPTION

There's strength in numbers. Teach players how to use an extra attacker to get around defenders and score.

## WHAT YOU NEED

- 6 cones
- 1 ball per 4 players
- 1 pinnie per 2 players

## SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 15 yards long x 10 yards wide.
- Place a small goal on one endline, or use 2 cones placed arms-length apart.
- Divide your players into two teams, one on each endline, and give one team pinnies. On the goal side, 2 players enter as defenders and are met by 3 attackers entering from the

- other side.
- Play starts when the attacking team initiates play by passing the ball to each other and trying to score on the goal. If a defender steals or intercepts the ball, they can also score by dribbling over the attackers' endline with the ball within a hula hoop's distance of the body.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins. (After a few rounds, rotate players between endlines so both sides get turns attacking and defending.)
- If you have enough players for 2 grids, you can position yourself in the middle and run both at the same time so players get more touches on the ball.

## **WHAT TO EXPECT**

At the younger ages, both defenders may go towards the ball, while the 3 attackers may clump together instead of spreading out. Encourage defenders to stagger their positions so the second defender can provide support if the first defender is beaten. Attackers should spread out to create passing opportunities when the attacker with the ball encounters pressure.

Because this activity strongly favors attackers, defenders can get discouraged. Remind them that it's meant to be challenging, and make sure to rotate players between endlines so everyone gets turns both attacking and defending.

## **COACHING TIPS**

Encourage the attacker with the ball to attack the goal with speed and try to score. If a defender gets in the way, the attacker should try to find an open teammate and pass the ball. Attackers must work together to make sure they find positions to receive a pass and take a shot.

## **MAKE IT HARDER**

Making the grid smaller makes it harder for attackers to beat defenders. You can also limit the number of touches per player (such

as a 2-touch maximum).

### **MAKE IT EASIER**

Making the grid larger makes it easier for attackers to beat defenders.

### **CHANGE IT UP**

Use your normal full-size goals (depending on your age group) and add a third player to the defending team to act as goalkeeper. If the goalkeeper makes a save, they can distribute the ball to their defenders who try to score by dribbling the ball across their endline. Between rounds, rotate players to ensure everyone has a turn at goalkeeping, defending, and attacking.

### **DO IT AT HOME**

Players can keep working on their skills at home with a game we call [1v1](#), only available with MOJO+.

# Liverpool

Duration: 10 minutes

## DESCRIPTION

This small-sided game emphasizes defending and counter-attacking by awarding points according to where on the field a team wins the ball.

## WHAT YOU NEED

- 8 cones
- 1 ball
- 1 pinnie per 2 players
- 2 goals

## SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 40 yards long x 30 yards wide for every 6-10 players. Divide players into 2 teams, one on each endline, and give one team pinnies.
- This game can be played 2 vs. 2, 3 vs. 3, 4 vs. 4 or more. If you have an odd number of players, you can give one team an extra attacker or add a neutral player who is all-time offense.
- Place a goal on each endline using 6 ft. portable goals or pairs of cones placed 6 feet apart. Players score by passing or shooting the ball into the goal or between the cones, below knee-height.
- “Liverpool” rules: Teams earn 2 points per goal if they win the ball in their opponents’ attacking half. All other goals are worth one point. This encourages players to try to win the ball back immediately with a strong counter-attack.
- Play starts when players on one endline initiate play by passing the ball to each other and advancing towards their

- goal. At this point, either team can score. Both sides can attack, both sides will defend, so whoever has the ball is attacking when they have it.
- There are no corners, throw-ins or goalies. If a ball goes out of bounds, it's a kick-in.
- Play short rounds. The team with the most points at the end wins the round.
- If you have enough players for 2 grids, you can position yourself in the middle and run two games at the same time so players get more touches on the ball.

## **COACHING TIPS**

Provide specific encouragement and recognition. Think: “Good job dribbling to open space” instead of just “Good job.”

During a scrimmage, continue to emphasize the coaching points you stressed during your practice. If you worked on maintaining possession, stress that in the scrimmage. If you worked on defensive teamwork in your practice, focus on that.

It's also great to just observe your players and let them play here. Observing enables you to see what's working and where to focus in future sessions.

# Scrimmage

Duration: 30 minutes

## DESCRIPTION

The best part of the practice, obviously.

## WHAT YOU NEED

- 4 cones
- 1 ball
- 2 goals

## SETUP

- Set up a goal on each endline and divide your players into 2 teams with one team in pinnies (if you have them) to scrimmage. Use small goals, large goals or pairs of cones placed arms-length apart.
- Grid size should adjust to the age of players:
  - for 5 and under, recommended size: 30 yards long x 20 yards wide
  - for 7-8, recommended size: 35 yards long x 20 yards wide
  - for 9-10, recommended size: 60 yards long x 40 yards wide
  - for 11+, recommended size: 75 yards long x 50 yards wide But don't let grid size stop you from playing—you can scrimmage with whatever space you have.
- Goalies are optional for ages 9+. There are no [corner kicks](#) or [throw-ins](#). If a ball goes over the sideline, restart play with a kick-in. Keep it simple.
- Goal kicks are optional for balls that cross the endline but miss the goal. The team with possession should back up to midfield to receive it. Otherwise, the coach can play a new

- ball in to restart play.

## **WHAT TO EXPECT**

For many players, scrimmage is the best part of practice, perhaps because it most closely resembles the real game—and they come to play. This is their time to shine, not the coach's time to [puppeteer](#). Pay attention to how they're putting concepts from the practice session into play while scrimmaging and during breaks, point out examples of players doing this well.

## **COACHING TIPS**

Try to ensure players are evenly balanced—if you have a few strong players, make sure they're evenly split between teams. Provide more [specific encouragement and praise](#) than direction: “Good job dribbling to a new space,” for example, vs. just “Good job.” You can add rules to encourage players to do what you want them to do (ex: if a player is [keeping the ball too long](#), add a rule that players can only use 3-4 touches.)

## **MAKE IT HARDER**

Increasing grid size makes it harder for defenders. Decreasing grid size makes it harder for attackers.

## **MAKE IT EASIER**

Decreasing grid size makes it easier for defenders. Increasing grid size makes it easier for attackers.

## **CHANGE IT UP**

You can put 2 goals on each endline instead of one goal per endline. More goals: more fun.

## **DO IT AT HOME**

Players can keep working on their skills at home with a game we call

[1v1](#), only available with MOJO+.
