Scrimmage

Duration: 15 minutes

DESCRIPTION

The best part of the practice, obviously.

WHAT YOU NEED

- 4 cones
- 1 ball
- 2 goals

SETUP

- Set up a goal on each endline and divide your players into 2 teams with one team in pinnies (if you have them) to scrimmage. Use small goals, large goals or pairs of cones placed arms-length apart.
- Grid size should adjust to the age of players:
 - for 5 and under, recommended size: 30 yards long x 20 yards wide
 - for 7-8, recommended size: 35 yards long x 20 yards wide
 - for 9-10, recommended size: 60 yards long x 40 yards wide
 - for 11+, recommended size: 75 yards long x 50 yards wide But don't let grid size stop you from playing—you can scrimmage with whatever space you have.
- Goalies are optional for ages 9+. There are no [corner kicks](#) or [throw-ins](#). If a ball goes over the sideline, restart play with a kick-in. Keep it simple.
- Goal kicks are optional for balls that cross the endline but miss the goal. The team with possession should back up to midfield to receive it. Otherwise, the coach can play a new

- ball in to restart play.

WHAT TO EXPECT

For many players, scrimmage is the best part of practice, perhaps because it most closely resembles the real game—and they come to play. This is their time to shine, not the coach's time to [puppeteer](#). Pay attention to how they're putting concepts from the practice session into play while scrimmaging and during breaks, point out examples of players doing this well.

COACHING TIPS

Try to ensure players are evenly balanced—if you have a few strong players, make sure they're evenly split between teams. Provide more [specific encouragement and praise](#) than direction: “Good job dribbling to a new space,” for example, vs. just “Good job.” You can add rules to encourage players to do what you want them to do (ex: if a player is [keeping the ball too long](#), add a rule that players can only use 3-4 touches.)

MAKE IT HARDER

Increasing grid size makes it harder for defenders. Decreasing grid size makes it harder for attackers.

MAKE IT EASIER

Decreasing grid size makes it easier for defenders. Increasing grid size makes it easier for attackers.

CHANGE IT UP

You can put 2 goals on each endline instead of one goal per endline. More goals: more fun.

DO IT AT HOME

Players can keep working on their skills at home with a game we call

[1v1](#), only available with MOJO+.

3v2 to Goal

Duration: 10 minutes

DESCRIPTION

There's strength in numbers. Teach players how to use an extra attacker to get around defenders and score.

WHAT YOU NEED

- 6 cones
- 1 ball per 4 players
- 1 pinnie per 2 players

SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 15 yards long x 10 yards wide.
- Place a small goal on one endline, or use 2 cones placed arms-length apart.
- Divide your players into two teams, one on each endline, and give one team pinnies. On the goal side, 2 players enter as defenders and are met by 3 attackers entering from the

- other side.
- Play starts when the attacking team initiates play by passing the ball to each other and trying to score on the goal. If a defender steals or intercepts the ball, they can also score by dribbling over the attackers' endline with the ball within a hula hoop's distance of the body.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins. (After a few rounds, rotate players between endlines so both sides get turns attacking and defending.)
- If you have enough players for 2 grids, you can position yourself in the middle and run both at the same time so players get more touches on the ball.

WHAT TO EXPECT

At the younger ages, both defenders may go towards the ball, while the 3 attackers may clump together instead of spreading out. Encourage defenders to stagger their positions so the second defender can provide support if the first defender is beaten. Attackers should spread out to create passing opportunities when the attacker with the ball encounters pressure.

Because this activity strongly favors attackers, defenders can get discouraged. Remind them that it's meant to be challenging, and make sure to rotate players between endlines so everyone gets turns both attacking and defending.

COACHING TIPS

Encourage the attacker with the ball to attack the goal with speed and try to score. If a defender gets in the way, the attacker should try to find an open teammate and pass the ball. Attackers must work together to make sure they find positions to receive a pass and take a shot.

MAKE IT HARDER

Making the grid smaller makes it harder for attackers to beat defenders. You can also limit the number of touches per player (such

as a 2-touch maximum).

MAKE IT EASIER

Making the grid larger makes it easier for attackers to beat defenders.

CHANGE IT UP

Use your normal full-size goals (depending on your age group) and add a third player to the defending team to act as goalkeeper. If the goalkeeper makes a save, they can distribute the ball to their defenders who try to score by dribbling the ball across their endline. Between rounds, rotate players to ensure everyone has a turn at goalkeeping, defending, and attacking.

DO IT AT HOME

4v4 to 4 Goals (Defending)

Duration: 10 minutes

DESCRIPTION

This quick transition game forces players to both attack and defend immediately when the ball changes ownership.

WHAT YOU NEED

- 8 cones
- 1 ball
- 1 pinnie per 2 players
- 4 small goals

SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 35 yards long x 20 yards wide for every 8-12 players.
- Place a small portable goal or pair of cones placed 6 feet apart at each end of each endline, 4 goals in all.
- Divide players into two teams, one on each endline, and

- give one team pinnies.
- Play starts when 4 players enter from each endline and one team initiates play by passing the ball to each other and advancing towards their goals.
- Players scrimmage and score by kicking the ball into either of their goals or through the cones, below knee height.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins.
- There are no goalies, corners or throw-ins. If a ball goes out of bounds, it's a kick-in.
- If you have enough players for 2 grids, you can position yourself in the middle and run 2 games at the same time so players get more touches on the ball.

WHAT TO EXPECT

Especially at younger ages, attacking players are still learning to dribble and pass, and may rush to the ball in their excitement, which can benefit defenders. However, with two goals to defend, defending players can still get frustrated. If turnovers are not happening naturally, rotate players so everyone gets turns attacking and defending.

COACHING TIPS

Encourage defenders to work together to try to get the attackers to pass the ball sideways or back and take away time and space. Taking away time means getting pressure to the ball and slowing the attacker down. Taking away space means staying connected and compact, preventing attackers from getting down the field.

If individual defending is good, can the group of defenders come together and get compact? This also helps overcome individual defending mistakes. The first defender provides pressure, the next provides cover, and the other defenders provide balance. As a group, can they be like a fist? Nothing gets through the fingers.

MAKE IT HARDER

Making the space larger makes it harder for defenders.

MAKE IT EASIER

Making the space smaller makes it easier for defenders.

CHANGE IT UP

To help players develop ball control and speed dribbling skills, you can adjust the game so that players must dribble through the goal in control of the ball in order to score.

Half-Court Soccer

Duration: 10 minutes

DESCRIPTION

This small-sided game helps players develop their attacking and defending skills while squeezing the game into half the space.

WHAT YOU NEED

- 6 cones
- 1 ball
- 1 pinnie per 2 players
- 1 goal

SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 20 yards long x 30 yards wide for every 6-10 players. Divide players into two teams, one in pinnies.
- This game can be played 2v2, 3v3, 4v4 or more, with an optional additional player as goalkeeper. If you have an odd number of players, you can give one team an extra attacker

- or add a neutral player who is all-time offense.
- Place a goal on the endline using a 6 ft. portable goal or pair of cones placed arms-length apart. Players score by shooting the ball into the goal or through the cones below knee height. Add cones along the other endline to mark the “check line”.
- “Half-Court Soccer” rules: Teams scrimmage on one half of the field, and both score on the same goal. If a player steals the ball from an opponent, they must “clear” the ball by taking it across the checkline before they can try to score.
- Play starts when you play the ball onto the field from a touchline. At this point, either team can score. Both sides can attack, both sides will defend, so whoever has the ball is attacking when they have it.
- There are no corners, throw-ins or goalies. If a ball goes out of bounds, it's a kick-in.
- Play 3-5 minute rounds. The team with the most goals wins the round.
- If you have enough players for 2 grids, you can position yourself in the middle and run two games at the same time so players get more touches on the ball.

COACHING TIPS

Provide specific encouragement and recognition. Think: “Good job dribbling to open space” instead of just “Good job.”

During a scrimmage, continue to emphasize the coaching points you stressed during your practice. If you worked on maintaining possession, stress that in the scrimmage. If you worked on defensive teamwork in your practice, focus on that.

It’s also great to just observe your players and let them play here. Observing enables you to see what’s working and where to focus in future sessions.

[1v1](#), only available with MOJO+.

Fcb Scrimmage

Duration: 15 minutes

DESCRIPTION

It's time to put everything you've practiced into action. This is scrimmage, FC Barcelona-style.

WHAT YOU NEED

- 4 cones
- 1 ball
- 1 pinnie per 2 players
- 2 goals

SETUP

- Use 4 cones to make a rectangular space, recommended size: 20 yards long x 15 yards wide. Place goals at each end.
- Try to play with teams of equal size. If you have an extra player, that's OK. Have them switch between teams so everyone can practice playing with an advantage or

- disadvantage.

WHAT TO EXPECT

Scrimmage is every player's favorite part of practice. Don't worry about whistles, offside, or corner kicks. Here, we want to emphasize the fundamentals of the game without losing sight of the fun.

COACHING TIPS

Feel free to give your players feedback and ask them about their strategy on the field.

Encourage players to spread out, no matter what zone they're in and whether they have possession. Make sure they know the value of moving constantly without the ball.

Players should ask themselves, "Where is the defense? What can I do to attract them so I can create space for my teammates?"

Encourage players to think about how to set up a finish. Where should they go? How should they coordinate a plan of attack?

Stay positive and remember to praise players when using the Barça style—passing the ball, finding space for their teammates and having fun.

MAKE IT EASIER

Remove a defender or two, to help your offense focus on finishing.

Restrict the defenders from pressing.

MAKE IT HARDER

Install side lanes and restrict movement of certain players.
