MOMENT: Defending

**SKILL ACQUISITION:**

Pressure: Angle and Speed of approach, Distance, Body position, Tackle choice (poke or block)

Cover: Distance, body position.

Thanks to our friends at Massachusetts Youth Soccer for this practice plan!

# Scrimmage

Duration: 15 minutes

## DESCRIPTION

The best part of the practice, obviously.

## WHAT YOU NEED

- 4 cones
- 1 ball
- 2 goals

## SETUP

- Set up a goal on each endline and divide your players into 2 teams with one team in pinnies (if you have them) to scrimmage. Use small goals, large goals or pairs of cones placed arms-length apart.
- Grid size should adjust to the age of players:
  - for 5 and under, recommended size: 30 yards long x 20 yards wide
  - for 7-8, recommended size: 35 yards long x 20 yards wide
  - for 9-10, recommended size: 60 yards long x 40 yards wide
  - for 11+, recommended size: 75 yards long x 50 yards wide But don't let grid size stop you from playing—you can scrimmage with whatever space you have.
- Goalies are optional for ages 9+. There are no [corner kicks](#) or [throw-ins](#). If a ball goes over the sideline, restart play with a kick-in. Keep it simple.
- Goal kicks are optional for balls that cross the endline but miss the goal. The team with possession should back up to midfield to receive it. Otherwise, the coach can play a new

- ball in to restart play.

## **WHAT TO EXPECT**

For many players, scrimmage is the best part of practice, perhaps because it most closely resembles the real game—and they come to play. This is their time to shine, not the coach's time to [puppeteer](#). Pay attention to how they're putting concepts from the practice session into play while scrimmaging and during breaks, point out examples of players doing this well.

## **COACHING TIPS**

Try to ensure players are evenly balanced—if you have a few strong players, make sure they're evenly split between teams. Provide more [specific encouragement and praise](#) than direction: “Good job dribbling to a new space,” for example, vs. just “Good job.” You can add rules to encourage players to do what you want them to do (ex: if a player is [keeping the ball too long](#), add a rule that players can only use 3-4 touches.)

## **MAKE IT HARDER**

Increasing grid size makes it harder for defenders. Decreasing grid size makes it harder for attackers.

## **MAKE IT EASIER**

Decreasing grid size makes it easier for defenders. Increasing grid size makes it easier for attackers.

## **CHANGE IT UP**

You can put 2 goals on each endline instead of one goal per endline. More goals: more fun.

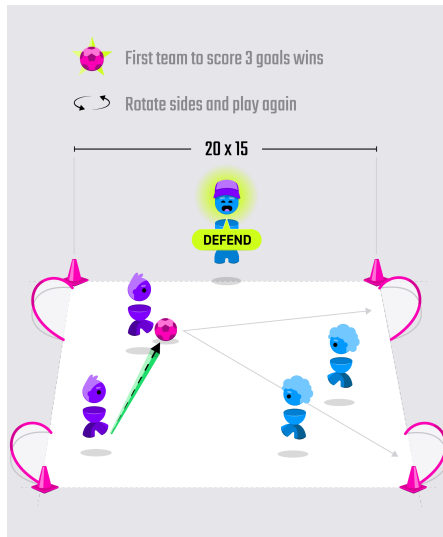

## **DO IT AT HOME**

Players can keep working on their skills at home with a game we call

[1v1](#), only available with MOJO+.

# 2v2 to 4 Small Goals (Defending)

Duration: 10 minutes

## DESCRIPTION

Today's focus: Defend. This quick transition activity gets players used to transitions between offense and defense.

## WHAT YOU NEED

- 8 cones
- 1 ball per 4 players
- 1 pinnie per 2 players

## SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 20 yards long x 15 yards wide for every 8-12 players.
- Place a small portable goal or pair of cones placed 6 feet apart at each end of each endline, 4 goals in all.
- Divide players into two teams, one on each endline, and give one team pinnies.

- Play starts when 2 players enter from each endline and one team initiates play by passing the ball to each other and advancing towards their goals.
- Players score by kicking the ball into either of their goals or through the cones, below knee height.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins.
- If you have enough players for 2 grids, you can position yourself in the middle and run 2 games at the same time so players get more touches on the ball.

## **WHAT TO EXPECT**

Especially at younger ages, attacking players are still learning to dribble and pass. They may rush to the ball in their excitement and make errors that help defenders.

Expect both defenders to move to the ball. Remind them that only one needs to move to the ball and the other one provides support.

## **COACHING TIPS**

A good rule of thumb for younger defenders: If you can't steal it, how do you make sure the other side doesn't score? In this game, the additional goal increases the difficulty for defenders.

As players become more familiar and skilled, you can encourage the defender closest to the ball to force the attacker to "get their head down" so they are more focused on shielding the ball than finding a teammate to pass to.

The first defender can take a slightly diagonal position so the attacker can only dribble left or right (but not both). That "pushes" that attacker towards the second defender. The second defender's job is to help their teammate protect the goal using the same strategy.

Remind defenders to advance towards an attacker quickly, approach slowly, then quickly get into position: "Quick-slow-low."

## **MAKE IT HARDER**

Making the space larger makes it harder for defenders.

### **MAKE IT EASIER**

Making the space smaller makes it easier for defenders.

### **CHANGE IT UP**

Rotating the goals 45 degrees towards the center of the field changes the positions from which players must attack and defend the goals.

# 4v4 to 4 Goals (Defending)

Duration: 10 minutes

## DESCRIPTION

This quick transition game forces players to both attack and defend immediately when the ball changes ownership.

## WHAT YOU NEED

- 8 cones
- 1 ball
- 1 pinnie per 2 players
- 4 small goals

## SETUP

- Place 4 cones to mark the corners of your grid, recommended size: 35 yards long x 20 yards wide for every 8-12 players.
- Place a small portable goal or pair of cones placed 6 feet apart at each end of each endline, 4 goals in all.
- Divide players into two teams, one on each endline, and

- give one team pinnies.
- Play starts when 4 players enter from each endline and one team initiates play by passing the ball to each other and advancing towards their goals.
- Players scrimmage and score by kicking the ball into either of their goals or through the cones, below knee height.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins.
- There are no goalies, corners or throw-ins. If a ball goes out of bounds, it's a kick-in.
- If you have enough players for 2 grids, you can position yourself in the middle and run 2 games at the same time so players get more touches on the ball.

## **WHAT TO EXPECT**

Especially at younger ages, attacking players are still learning to dribble and pass, and may rush to the ball in their excitement, which can benefit defenders. However, with two goals to defend, defending players can still get frustrated. If turnovers are not happening naturally, rotate players so everyone gets turns attacking and defending.

## **COACHING TIPS**

Encourage defenders to work together to try to get the attackers to pass the ball sideways or back and take away time and space. Taking away time means getting pressure to the ball and slowing the attacker down. Taking away space means staying connected and compact, preventing attackers from getting down the field.

If individual defending is good, can the group of defenders come together and get compact? This also helps overcome individual defending mistakes. The first defender provides pressure, the next provides cover, and the other defenders provide balance. As a group, can they be like a fist? Nothing gets through the fingers.

## **MAKE IT HARDER**

Making the space larger makes it harder for defenders.

## **MAKE IT EASIER**

Making the space smaller makes it easier for defenders.

## **CHANGE IT UP**

To help players develop ball control and speed dribbling skills, you can adjust the game so that players must dribble through the goal in control of the ball in order to score.

# 4v4 to Small Goals (Defending)

Duration: 10 minutes

## DESCRIPTION

Players work on group and individual defending skills in this 4v4 scrimmage with small goals.

## WHAT YOU NEED

- 8 cones
- 1 ball
- 1 pinnie per 2 players
- 2 small goals

## SETUP

- Place 4 cones to mark the corners of a grid for every 8-12 players, recommended size: 30 yards long x 25 yards wide.
- Place a small portable goal or pair of cones placed 6 feet apart on each endline.
- Divide players into 2 teams, one on each endline, and give one team pinnies.

- Play starts when 4 players enter from each endline and one team initiates play by passing the ball to each other and advancing towards their goal.
- Players scrimmage and score by shooting the ball into the goal or between the cones, below knee-height.
- If a player scores or the ball goes out of bounds, new players rotate in and a new round begins.
- If you have enough players for 2 grids, you can position yourself in the middle and run 2 activities at the same time so players get more touches on the ball.

## **WHAT TO EXPECT**

Especially at younger ages, defenders can gain an advantage because attacking players are still learning to dribble and pass, and may rush to the ball in their excitement.

Expect some defenders to mistime their approach and miss the ball when trying to poke it away. They may come in too fast, which enables the attacker to just dribble around them. While they want to get to the attacker quickly, remind them to then get low and slow as they approach.

## **COACHING TIPS**

The defenders should work together to try to get the attackers to pass the ball sideways or back and take away time and space. Taking away time means getting pressure to the ball and slowing the attacker down. Taking away space means staying connected and compact, preventing attackers from getting down the field.

If individual defending is good, can the group of defenders come together and get compact? This also helps overcome individual defending mistakes. The first defender provides pressure, the next provides cover, and the other defenders provide balance. As a group, can they be like a fist? Nothing gets through the fingers.

## **MAKE IT HARDER**

Making the space larger makes it harder for defenders to stop

attackers.

## **MAKE IT EASIER**

Making the space smaller makes it easier for defenders to beat attackers.

# Fcb Scrimmage

Duration: 15 minutes

## DESCRIPTION

It's time to put everything you've practiced into action. This is scrimmage, FC Barcelona-style.

## WHAT YOU NEED

- 4 cones
- 1 ball
- 1 pinnie per 2 players
- 2 goals

## SETUP

- Use 4 cones to make a rectangular space, recommended size: 20 yards long x 15 yards wide. Place goals at each end.
- Try to play with teams of equal size. If you have an extra player, that's OK. Have them switch between teams so everyone can practice playing with an advantage or

- disadvantage.

## **WHAT TO EXPECT**

Scrimmage is every player's favorite part of practice. Don't worry about whistles, offside, or corner kicks. Here, we want to emphasize the fundamentals of the game without losing sight of the fun.

## **COACHING TIPS**

Feel free to give your players feedback and ask them about their strategy on the field.

Encourage players to spread out, no matter what zone they're in and whether they have possession. Make sure they know the value of moving constantly without the ball.

Players should ask themselves, "Where is the defense? What can I do to attract them so I can create space for my teammates?"

Encourage players to think about how to set up a finish. Where should they go? How should they coordinate a plan of attack?

Stay positive and remember to praise players when using the Barça style—passing the ball, finding space for their teammates and having fun.

## **MAKE IT EASIER**

Remove a defender or two, to help your offense focus on finishing.

Restrict the defenders from pressing.

## **MAKE IT HARDER**

Install side lanes and restrict movement of certain players.
